VFU provides compassionate resources and support for military, vets and families who are facing issues related to having served in a combat zone. Many returning vets have difficulty finding vital and even life-saving resources. VFU has assembled a network of healing, educational and empowerment tools for veterans and their families.

But our Vets and Families need YOU too! Come learn more about ways YOU can volunteer and make a difference in the lives of our vets and families. Volunteer tasks range from minimal service of 1 hour a month to chairing a committee.

Everyone is invited to attend at 11:30 am at 33 East 33rd Street in Edmond just East of Broadway. Purchase your lunch then meet us in Johnnie's meeting room to get more information on you can help our vets.
